### About this piece

**Lemonade jug set in art glass**, comprising a tall jug with two matching tumblers from the *Art Deco* period (**1920–1940**), **c.1930**. The vessels feature marbled amber and clear glass with a moulded swirl pattern, the jug formed with an applied handle and flared rim. The ensemble exemplifies the decorative and functional synthesis of *Art Deco* glassware, balancing clarity of form with rhythmic colour variation typical of European pressed and blown glass production of the interwar years.
